

Woodland Pendants

Our Woodland pendants are offered in two shapes and six different designs. Made of alder wood and leather, the pendants are handcrafted by Terrybear artisans. They are suitable as a pendant for an urn, or as a keepsake or hanging ornament to love and cherish. Being biodegradable, they offer the option of eco-friendly burial. These pendants are a perfect match for our Woven Naturals Series, allowing for the personalization of a loved one.

Woodland Pendants

Made of Alder Wood & Leather

Use to personalize a memorial

Biodegradable

Locally sourced and crafted

Can be displayed as an ornament
