

Cascade Scatter™ Monterey Series

The Cascade Scatter™ Monterey Series is an elegant, proven urn shape with a unique take on scattering. Elevate and customize a scatter experience with the Cascade Scatter™ Monterey urns. The innovative, patent-pending Cascade Scatter™ closure provides many options to commemorate a loved one; the multi-functional and decorative lid design allows cremated remains to be scattered gently and slowly, granting the remains to be dispersed by loved ones during a scattering ceremony and permits multiple scatter locations. Constructed of aluminum & brass with two beautiful finishes and many distinct, decorative lid designs, this series is also ideal as a permanent tribute in the home after the scattering ceremony is complete. Enhance your memorial with custom personalization.
